Paranoid or not, you'll understand Radiohead better than any android. ""Can a rock band still matter? Can it be a positive force in a postmodern world? What's suspenseful, but not too scary? Mysterious, but not exactly murder-filled? Perfect to read on vacation without freaking yourself out -- even if you're staying at a cabin in the woods? The answer: a good cozy mystery, of course! Half asleep with boredom, Millie perks up to a news report that her local jeweler has been murdered in what appears to be a botched robbery. In her bumbling way as she insists to Detective Marx that you catch more lies with honey, she digs deep to try to put the killer to justice and finds that there are more suspects with motives than she could imagine. As the plot thickens, and Millie crosses lines, she starts to wonder if she's in danger. When it comes down to the wire, will Millie escape a desperate situation, and will she decide maybe sleuthing isn't as important as being with her small family of felines?
